

*The BCiB Team supporting the 2009 National Pink Bowls Day*

**Before you renew your club insurance, please allow us the indulgence of providing you with the facts about BCiB**

**We have been Bowling Club Insurance Brokers (BCiB) for 23 years – that’s 23 years of experience that you can count on. As your State Association’s preferred broker these are the facts:**

No other Broker invests as much into the sport of Bowls as we do, as evidenced by our recent initiative to raise \$250,000 for breast cancer nurses through the National Pink Bowls Day. We also have the support as the Officially Endorsed Insurance Broker of eight State Bowls Associations, including the RVBA and the VLBA.

When you use BCiB as your broker, you can have peace of mind knowing that as a Broker that specialises in Bowling Club Insurance, with over 800 Bowling Clubs Australia wide, we have you covered for all the things that are important to your club.

**YES** – we are the only Broker to provide cover for up to \$50,000 on natural greens and full replacement value on synthetic because we know how vital they are to your operation

**YES** – we will cover your bowling members for Personal Accident at any club in Australia and your Social Members at your club (again, the extent of this cover is not offered by any other broker)

**YES** – we will cover your lawn bowls Coaches and Umpires for Professional Indemnity (better than an errors & omissions cover), Public Liability and Personal Accident, anywhere in Australia

**YES** – we employ fully qualified staff to advise our clients. Our team has over 100 years combined experience in Bowling Club Insurance. Some of our staff are also Australia’s best Lawn Bowlers. Why do we employ Bowlers? Because we believe in supporting the sport that supports us, and because they, like the rest of our team, have integrity and a passion for service. Steve Glasson, Mark Jacobsen and Kelvin Kerkow, apart from being great Bowlers, are also qualified Insurance Advisers.
